

THAI COOKING EXPERIENCE

\$119 per person • Ages 8+

9:30 AM – 2:00 PM (approximately 4 hours)

Cook the food you have been eating all week.

It begins where every Thai kitchen begins — the local market. You will walk the stalls with your guide, learning what the chefs actually look for: which herbs matter, how to pick a good chilli, why the same dish tastes different two streets apart.

Then into a cool, air-conditioned kitchen with a station of your own. Working beside chefs who have cooked this way their whole lives, you will build a curated menu of Thai classics from scratch, learning the balance of sweet, sour, salt and heat that makes it all work. Then everyone sits down together and eats what they made.

Includes:

- Guided local market tour
- Your own cooking station
- Curated menu of Thai classics
- The meal you cooked, shared with the group
- E-recipe book to take home
- Hotel pickup and drop-off

Good to know:

- Open to guests aged 8 and over, accompanied by an adult where applicable.
- Built for complete beginners as much as for confident cooks. No experience needed.
- You can book both this and YONA Beach Club on 11 June. The two are scheduled around each other, so you can enjoy both.
- Cancellation: standard trip cancellation policy applies.
